**1900 18-6 Trophy Grower:** A Premium Pellet with High Levels of Protein, Fat, Vitamin A, Vitamin E, Copper, Zinc, Manganese, Biotin & Chromium. Designed to Provide Optimal Nutritional Support During Antler Development and Fawning Season.

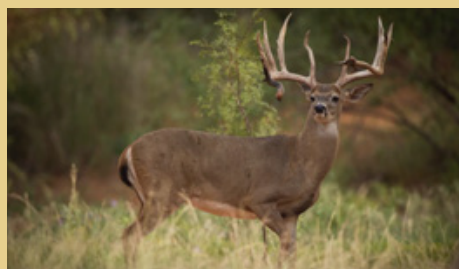

**1900 17% Premium Deer Breeder:** High-quality pelleted feed designed for year-round feeding of pen raised deer. Contains the quality additives & Alltech Lacto-Sacc found in the 18-6 Trophy Grower but with an adjusted nutritional profile specific to the requirements of confined deer.

**1900 16% Deer Rut Conditioner:** Designed to be fed from July to November to precondition deer before rut and support deer through the rigors of rut. Contains the same Premium additives and Alltech Lacto-sacc found in the 18-6 Trophy Grower but with nutritional profile specific to the needs of deer during this season.

**1900 20% Deer Rut Recovery:** Highly fortified premium feed with our highest percentages of protein and fat. Recommended for use December-March to help build back weight and mineral loss experienced during rut.

**1900 20% Deer Hi-Protein:** High Protein Pellet at an economical price. Contains 20% Protein, 3% Fat and mineral package to outperform most pellets on the market.

**1900 16% Deer Protein:** 16% Protein and 3% Fat that still provides high quality feed ingredients and mineral package to fit all budgets.
